SUSTAINABLE DEVELOPMEN AT NORILSK NICKEL GROUP HUMAN CAPITA 06

## **Company level**

The Company has in place an enterpriselevel social partnership framework aligned with the Labour Code of the Russian Federation, collective bargaining agreements, the interregional crossindustry agreement for copper and nickel producers and their supporting industries for 2022–2025, and joint resolutions. We follow the Freedom of Association Policy approved by the Board of Directors.

In 2023, the trade unions and social and labour councils participated in the inspections of the sanitary condition of dietary and general food service providers and quality assessments of food served at the Group's facilities in the Norilsk Industrial District and the Murmansk Region.

As a way to improve understanding of the Company's plans or accomplishments and inform employees about resolutions adopted by the Group's management on social and labour matters, Nornickel presented Human Capital Development Programme and its preliminary results to trade unionists in the reporting year. Apart from that, trade union representatives participated in the awareness-raising campaign launched by the employer to highlight the launch of the Digital Investor corporate programme. The Company believes that such meetings give an opportunity to maintain a constructive dialogue with the representatives of its workforce and receive timely feedback on ongoing corporate changes.

GRI 2-30

2023

22 collective bargaining agreements signed by Group companies

# 94%

Nornickel employees covered by collective bargaining agreements

# 7.3%

of the Group's employees are members of trade unions

76.5% of the Company' employees are represented by social and labour councils

Social and labour relations at Group companies that do not have collective bargaining agreements (6% of Nornickel's employees) are governed through by-laws adopted by such companies in consultation with the employees' representative body (if any) as and when required by applicable Russian labour laws.

## GRI 402-1

02

Nornickel notifies employees regarding significant changes in the Company's activities is full compliance with the Labour Code of the Russian Federation:

- the minimum notice period is at least two months prior to the start of such changes; or
- at least three months prior to the start of such changes if the redundancy decision may lead to large-scale dismissals.

These standards are formalised in all collective bargaining agreements.

## SASB EM-MM-310a.2

No strikes and lockouts involving the Company's personnel were reported in 2023.

## SOCIAL POLICY

Nornickel's contribution to Russia's national projects

- Relocation assistance to new employees Social projects for employees. (development of target categories. sporting events and holiday celebra-
- Voluntary health and personal accident insurance
- Financial aid and additional benefits to retired and former employees and their families
- Other payments and social expenses (healthcare services, severance pay, etc.)

## Special support for certain categories of employees:

employees with disabilities can apply for additional paid leave (three calendar days per year) and also receive an annual financial assistance of up to RUB 10,000;

special attention is paid to professional longevity: the Company provides free health resort vouchers for employees of pre-retirement age.

As at the end of 2023, the Group companies operated more than 3,500 sanitary, amenity, sports and fitness, catering, healthcare, and recreational facilities with a total area

In the reporting year, 12 Nornickel's branches and Russian business units located in the Norilsk Industrial District, on the Kola Peninsula, and in Sochi participated in the Made with Care programme. The programme saw repairs in line with a group-wide standards handbook, in full compliance with modern architectural and technical requirements, which was recognised by international

awards WOW!HR and Green Property Awards (for more details, please see the Awards and Accolades appendix).

In 2023, we decided to expand the scope of the Made with Care programme. Repair works are include the renovation of facades of administrative facilities, repair and equipping of classrooms, and reconstruction of tourist camping sites in the Norilsk Industrial District and on the Kola Peninsula.

- 138 social facilities overhauled • the total area of repaired facilities was 21,000 m<sup>2</sup>
- social and working conditions improved for more than 8,600 employees
- the works cost RUB 4.5 bn (net of VAT)

### 2024 targets

- 156 social facilities repaired
- repair of several entrances, common use areas, and facades of administrative facilities
- planned costs: RUB 10.3 bn

TOTAL PARTICIPANTS	24,515	25,587	24,567	24,456

In total, 24,600 people took part in health improvement and wellness programmes in 2023. The most popular destination has traditionally been the Zapolyarye Health Resort (Sochi). The Kaliningrad Region became a new holiday destination in 2023. Children of the Company's

106 ---- 107

employees spent their summer holidays in a health resort on the Black Sea, and a children's sports group was organised at the Universiade Village in Kazan.

Health improvement and health resort treatment programmes are selected on an individual basis and in line with results of medical examinations of employees.

## **Operating expenditures** on healthcare resort treatment in 2023

In addition to health resort treatment, the Company promotes a healthy lifestyle by facilitating regular fitness sessions of its employees and holding annual corporate sports festivals and competitions (for more details, please see the Sporting and Mass Public Events Programme section).

Voluntary health insurance

All the Company's employees are provided with VHI policies that protect them from unforeseen medical expenses and guarantee gualified medical aid in an insured event. In addition, Nornickel allows its employees to insure a close relative (spouse, parent, or child) at a corporate rate.

The VHI policy covers a wide range of medical services. Given the specific nature of long holidays, employees living in the Far North can use VHI policies to access healthcare services not only where they live but in all the areas that the policy covers. All insurance programmes offer the same set of services for various personnel categories; the only difference is the level of healthcare centres and the region of coverage.

In 2023, Nornickel improved the terms of personal accident insurance in certain regions.

## **Co-Funded Pension Plan** Programme

### GRI 201-3

Since 2007. Nornickel's employees have been offered an opportunity to join the Co-Funded Pension Plan, a corporate private pension programme.

10,400

employees of 24 Group companies were participants of the Co-Funded Pension Programme as at the end of 2023

**≈4,000** 

people receive payments under the Co-Funded Pension Plan

The programme provides for two pension plans: Parity and Corporate. Under the Parity Plan, pension savings are co-funded by the employee and the Company on a parity (equal) basis. The Corporate Plan is designed for highly skilled employees and/ or employees with highly sought-after occupations; within this plan, Nornickel finances private pension plans for such employees.

In 2023, an average participant contribution amounted to 3.9% of the employee's salary, or the Company's monthly average of RUB 6.718.

## Participants of the Co-Funded Pension Plan, by region

05 04. 06 OCCUPATIONAL HEALTH AND SAFETY DEVELOPMENT OF LOCAL ENVIRONMENTAL PROTECTION COMMUNITIES

**Development of corporate communities** 

Nornickel employees have the opportunity to share their interests with like-minded people beyond their job functions by joining corporate communities, which contribute to higher engagement, help build internal expertise and obtain new impulses for the development of the Company, its regions of operations, and each individual.

Plant of Goodness corporate volunteering programme

The Plant of Goodness corporate volunteering programme covers a wide range of environmental and social projects that bring together employees around shared values and strengthen teamwork and communication between business units.

➔ For more details, please see the Corporate Volunteering section.

## Those Who Care corporate programme

Since 2021, Nornickel has been building a platform for sharing experiences and constructive interaction that takes into account the interests of employees. managers and the Company as a whole by generating and then promoting the ideas of proactive employees aimed

The team of metalworkers I work with frequently comes up with improvement initiatives. We think it very important that the results of our work are of high quality and durability. The Company welcomes every idea, and for me personally this is very encouraging.

I am an enthusiast of creative labour, so I am especially proud when I see that the structures we have erected on our production sites are already in operation.

## of production facilities

Mothballing of Kaula-Kotselvaara mine

### Support for employees who decided to end their employment with the Company

- A severance payment of six months of employee's average salary (as well as additional payments for retired employees, socially disadvantaged categories of employees, and participants in the Succession Programme<sup>1</sup>);
- early eligibility to a corporate pension for participants of corporate pension programmes subject to their eligibility to a pension based on old age, disability or long service;
- reimbursement of the cost of relocation for the employee and their family;
- reimbursement of associated baggage fees;
- an option to early terminate participation in housing programmes for the benefit of the employee;
- retention of the VHI policy for a calendar year from the date of dismissal.

### Support for employees who move to work with other business units of the Company

- Reimbursement of rental costs associated with relocation to another city;
- retention of the salary level achieved by the time of being made redundant (for a calendar year);
- reimbursement of the cost of relocation for the employee and their family;
- reimbursement of associated baggage fees;
- priority right to participate in the Group's subsidised loan programmes with a view to purchasing housing at the new place of work:
- training / retraining / certification of qualifications for a new occupation/role at the cost of the Company

We provided a full package of social benefits to the people facing redundancies at Kaula-Kotselvaara mine, including comfortable relocation to other sites, retraining, and pension plans. The Company launched a dedicated Nornickel Employment Centre focused

on providing comprehensive support to the employees facing redundancy (including information, consulting, and career quidance support) and cooperating with the other business units of Nornickel Group on employment opportunities for its redundant

employees. All staff-related measures were taken in compliance with the requirements of labour and employment legislation and our social support programme.

## RUB 649 mln estimated cost of the programme in 2023-2024

brand).

at improving the economic efficiency and achieving the Company's ESG goals (priority topics include occupational safety, environment and environmental protection, digitalisation, corporate culture development, increasing labour productivity, and promoting the employer

There are two key actors at the heart of Those Who Care programme: business customers (managers) who identify the problem to be solved and participants who come together in teams to implement the project. As the team includes employees from different business units, such synergy helps view the problem in a different light and find new, effective solutions that meet the Company's needs and external trends. For the project to be successfully implemented, its participants can ask the business customer to provide them with managerial, administrative and financial resources. Mentors provide support at all stages, and external experts are involved whenever necessary. The participants can learn, attend regular meetings of the Change Practitioners Club, communicate with renowned experts, and join internships.

In 2023, the Trans-Baikal Division joined Norilsk and Kola divisions to participate in the programme. The project attracted a significant number of GRK Bystrinskove employees.

Another ten female employees of Nornickel became prize-winners in various nominations, and 13 earned a Jury's Choice award.

Participation in and winning the competition have an impact on the further development

and professional growth of the participants: for example, Nadezhda Platonova, the winner in 2022 Breakthrough of the Year nomination, was upgraded to the Head of the Occupational Health and Safety Department at MMC Norilsk Nickel, while Darya Shmakova, who won the 2022 Jury's Choice award in the Leader of the Future nomination, was promoted from the chief expert of gas treatment and recycling engineering support laboratory of Nornickel's Polar Division to the position of the Head of the Laboratory.

## Sporting and mass public events programme

The Company traditionally supports programmes to promote physical activity and improve the health of its employees by creating opportunities to go in for various sports and take part in corporate competitions.

To coordinate the relevant policy, Nornickel has a dedicated council in place to organise and improve sports and physical activities in the Company and its Russian business units, as well as to review and approve the plan of corporate sports events for the current year. Information on the Company's mass sports events is published on the corporate portal and social networks.

The most prominent events of the sporting and public events calendar are corporate contests geared towards employees and local residents. In 2023, the following events were held:

- the 62nd Nornickel Spartakiad comprising 14 sports in the Spartakiad proper and 6 sports in the Spartakiad for retired athletes;
- the 69th Kola MMC Spartakiad comprising 17 sports;

- corporate competitions in alpine skiing and snowboarding, crosscountry skiing, swimming, volleyball, futsal, basketball, and ice hockey, as well as "Dad, Mum and I - a Sporty Family" family competition and Polar Division Olympics;
- sports events dedicated to high days and holidays (Defender of the Fatherland Day (bullseye shooting tournament), Miner's Day (futsal tournament), Metallurgist Day (Nornickel's corporate track and field race);
- various tournaments in the following leagues: Night Hockey League, Zabeg. RF, etc.;
- training sessions in various sports.

In 2023, the Company joined the Association for the Development of Corporate Sports and created a userfriendly information portal on corporate competitions.

infrastructure in Russian regions, organisation of mass sports events, and involvement of employees in an active lifestyle to improve their health. The nickel tankhouse with which I have been associated for many years is at the forefront of sports: my colleagues and I win prizes at spartakiads and corporate

competitions, are members of various sports teams, and attend meetings with famous athletes.

Nornickel is a truly sports-oriented company supporting the construction of fitness training

The healthier the employees, the more productive they are.

contests, and read useful materials. With the platform, you can go on a virtual journey through the regions where the Company operates. The app counts all the kilometres covered and minutes spent on training and uses a special ratio to convert

them into internal currency - "charges", which can be spent on the purchase of branded accessories and clothing as well as an additional healthy diet course.
